MAY 7, 2024

NEWSLETTER

“Journal of the Heteroptera of Turkey” is a international journal, and publish scholarly heteropteran studies.

ISSN: 2687-3249 (only Online edition)

This journal is published semi-annually (May and November) by Heteropterists of Turkey.

Description

“Journal of the Heteroptera of Turkey” publishes original research and review articles all key areas in Heteroptera (Insecta) of palaearctic region. All work needs to have a clear and significant impact on palaearctic Heteroptera taxons. Review studies considerations are only accepted in combination with new faunistic or taxonomic data in studies area. The journal focuses on research into systematic, taxonomic, ecologic, faunistic etc heteroptera and articles presenting innovative approaches.

Prospective review authors should read instruction for authors on the web page (www.j-ht.org) before submitting a manuscript.
